Nervousness or Intense Concentration Upon Work Will Cause Bowels To Falter.

People working indoors without exereise and overwrought, nervous or
working under high tension become
constipated. They should not take a
big, powerful blasting agent. What
they need is a tiny dose at intervals
of an hour or so through the day. In
this way the system can be put to
work without discomfort or delay until night and the relief is more thorough. Just take an E-Z Tablet when
the headache, bilious spell, or attack
comes on. Take another an abour or
so later. Perhaps a third one on going
to bed. You get almost instant relief.
No discomfort or bother. The second
or third tiny B-Z Tablet sets the system to working beautifully. 100 E-Z
Tablets in handy wooden bottle, 25c.
Purse or pocket size, 10c, at People's
Drug Stores and all good drug stores.

# FOR FIRST TRIP

Inventor Lawson Plans "De Luxe" Lines to All Principal Cities in U. S.

CHICAGO, Aug. 29 .- The next few weeks probably will see the "Lawson liner," a twenty-six-passenger airplane, making regularly scheduled trips from Chicago to Washington, via Pittsburgh.

Alfred W. Lawson, of Milwaukee, Wis., here today with his "C-2," America's first air liner, revealed his plans for a great transcontinental air service. He contemplates establishing "de luxe" lines running out of Chicago to principal cities of the country, East, West, and South. The Washington route is one of the first proposed services.

Cabin Is Luxurious The cabin of the "Lawson liner" is Pullman car. There are twenty-six individual seats, completely upholstered and inclosed. Large windows give a full view from every angle. The plane, equipped with two 400horsepower Liberty motors, has a speed of 115 miles per hour, carrying its full complement of passengers.

feet over all.

so easily was it made and with the what faction the bandits belonged.
